

Insurance Claims

The one-stop resource
for the insurance claims
adjusting community!

KMS Tools & Equipment

is the one-stop resource for the insurance claims adjusting community. With nine locations and over twenty thousand unique products, KMS Tools is the leading supplier of tools and equipment in Western Canada. Ranging from woodworking to construction, from metalworking to automotive, KMS has you covered.

KMS has been serving Claims Adjusters and Underwriters since our founding in 1982. The current department brings over 12 years of claims experience to the table, and many more years in the tool industry.

We understand the challenges that adjusters face every day. That is why we specialize in streamlined quotes and headache-free customer service. We are also trained in minimizing fraud and tactfully dealing with Insureds during their sensitive times of loss. Let us make it easy.

Just e-mail us your list
and we'll handle the rest!
