

## Hot Air Edge Banding Machine - MI-46150

Includes hand trimmer for finishing edges

The Magnum Industrial MI-46150 **Hot Air Edge Banding Machine** is a time-saving addition for any workshop—it's designed to deliver high-quality edge banding for serious hobbyists and professionals who occasionally require an edge bander. This tool features a teflon-coated aluminum table and knife guard, a Steinel double-insulated heat gun that delivers up to 200°C and a fence that supports banding up to 2-1/4" wide.

**New Updated Design**

- Smooth-sliding teflon-coated aluminum table and knife guard
- Double-insulated **Steinel 1,500 Watt heat gun** compatible with pre-glued edge banding
- Variable heat control delivers 100 to 200°C
- Pressure rollers accommodate banding up to 2-1/4" wide
- Ergonomic palm-activated cut-off knife slices banding with ease
- Large 26-3/4" x 7-1/2" table supports bigger workpieces
- Non-slip rubber feet adjust for height and add stability
- Includes hand trimmer for finishing edges
