

10" Cabinet Saw (MI-51100)

A true left-tilt cabinet saw with base-mounted trunnions for vibration-free operation and easy fine-tuning, the Magnum Industrial MI-51100 10" cabinet saw features a self-aligning T-fence and a powerful 2 HP motor that operates on either 220 Volt or 110 Volt. This saw is ideal for both professional cabinet shops and serious hobbyists.

**Forged
One-Piece
Arbor**

Features:

- 2 HP cast-iron motor is fully enclosed to keep out dust and debris
- Precision self-aligning T-square fence reduces binding
- Quick-change fence faces save time and improve efficiency
- L-12 version on fence allows 12" to left of blade capacity
- Removable riving knife prevents kickback
- Forged one-piece arbor guarantees minimal saw run-out
- See-thru guard with anti-kickback features
- Knee-knock safety switch allows quick stops
- Blade lock for safe blade changing
- Upgraded dust collection design is super-efficient
- Extra-large table insert makes for easy blade changes
- Large T-slot mitre gauge slots
- Serpentine joint-less drive belt delivers super-smooth operation
- Hanging brackets provide blade and wrench storage

*Optional accessory:
MI-99510 Zero Clearance Insert*
