

Heavy-Duty 14" Cold Cut Saw (MI-61400)

**MI-61400
CUTTING CAPACITY**

bevel	@ 90°	@ 45°
●	3.5"	3"
○	4.7"	4"
□	4" x 4"	3.5" x 3.5"
▭	6.3" x 3.5"	3.5" x 2.8"

Optional Accessory Blades

HSS-1098210 — 14" 210 Teeth
ideal for thick metal

HSS-1098260 — 14" 260 Teeth
ideal for thin metal

For tight tolerances and clean finishes when cutting metal, a cold cut saw is your best bet. This heavy-duty 14" model from Magnum Industrial delivers precise cuts in a variety of ferrous metal cutting applications—angle stock, pipes, extrusions and more. It features variable-speed cutting with a digital speed display, high-capacity coolant tank, and quick-clamping vise that makes loading and unloading more efficient.

- Powerful 3 HP motor cuts a variety of ferrous metal—steel, cast iron and more
- Connects to 220 volt single phase power and converts to three phase via digital inverter
- HSS blade (sold separately) delivers clean, accurate cuts
- Variable speed control with digital display adds consistency for repeatable results
- Quick-clamp vise makes it easy to load and unload material
- Control handle with safety trigger switch provides comfortable, ergonomic workflow
- Coolant pump with 5 litre tank limits downtime due to refilling
- Water channel is specially designed for efficient cooling and lubricating
- Shockproof control panel stands up to workplace wear and tear
- Overload protection and magnetic starter

Specifications:

Motor*: 3 HP, 220V, 9.6 A, 1,720 rpm
Bevel capacity: 0° to 45°
Blade size: 14" x 0.1"
Blade speeds: 24 to 124 rpm

Coolant tank capacity: 5 litres
Vise capacity: 6-11/16"
Dimensions (l x w x h): 47" x 39" x 67.7"
Weight: 552 lbs (250 kg)

*Unit connects to a 220 volt single phase power supply and converts to 3 phase with its onboard digital inverter
