

24" Heavy-Duty Deluxe Bandsaw (MI-91800, MI-91803)

New

The Magnum Industrial MI-91800/MI-91803 has a large capacity, with a heavy cast table and support trunnions. The 24" heavy-duty deluxe bandsaw will accept blades as wide as 1.5" down to 1/4". It is simple to set up double-wide bearing guides. This bandsaw, with a high duty rating loaded with extra safety features, is a good choice for advanced schools or small manufacturing and custom millwork shops for a variety of projects.

Features:

- Quick release blade tension
- Blade tension scale for proper blade tension
- Dynamically balanced cast iron wheels and one piece solid welded frame ensure vibration-free
- Updated bearing guide system
- Foot paddle braking system with safety electrical lockout for quick safety brake
- Large cast iron table
- Keyed lock out mag switch for security
- Deluxe fence system
- Cast iron miter gauge
- Engineered dust collection ports for max efficiency
- Rack and pinion table tilt mechanism
- CSA approved certification
