

18" Metal/Wood Bandsaw (MI-92300, MI-92302)

The MI-92300 Metal/Wood Bandsaw is truly our all-terrain bandsaw. The digital inverter offers infinitely variable speed dial control and maintains full torque at slow speeds. Designed primarily for metal cutting, this unit is perfectly capable for all wood and plastic cutting applications. Perfect choice for the handyman and maintenance shops where a variety of materials need to be machined. CSA approved.

**Digital Inverter
for Full Torque at
Any Speed**

Features:

- Upgraded blade guides include bearing and ceramic guides
- Variable speed range for metal/wood/plastic cutting
- Dynamically balanced cast iron wheels and one-piece solid welded frame for vibration-free use
- All-ball-bearing guide system is engineered for our top design
- Deflector shield protects tires from iron filings
- Large cast iron table
- Keyed lock out mag switch for security
- Deluxe fence system
- Cast iron mitre gauge
- Engineered dust collection ports for maximum efficiency
- Quick release blade tension lever

Deluxe blade guide system comes with bearing and ceramic options included

Specifications:

Motor (MI-92300) - 2 HP, requires 220V Single Phase supply
Motor (MI-92302) - 2 HP, requires 208V Three Phase supply
Max cutting depth: 12" (305 mm)
Wheel diameter: 18" (457 mm)
Blade speeds: Variable 150 to 3,000 FPM
Blade width: 1/8" to 3/4" (3 to 19 mm)
Blade length: 133" (3,380 mm)

Throat capacity (left of blade):

Table size: 17-1/2" (445 mm)
Table tilt: 18" x 18" x 6" (457 x 457 x 150 mm)
Table height: 0° to 45°
Net weight: 37-1/2" (950 mm)
Gross weight: 297 lbs (135 kg)
Gross weight: 350 lbs (159 kg)
