

# UNIVERSAL ROUTER BASE TEMPLATE

Print out this template and lay it over the base of your router to see how your tool's screw-holes align the patterns of our Universal Router Base Plate.

1:1 DOCUMENT – SELECT "ACTUAL SIZE" OR "DO NOT SCALE" WHEN PRINTING

In addition to confirming screw hole compatibility, ensure that your router base has a center hole diameter of at least  $2\frac{3}{8}$ ". A router base with a smaller center hole will not work with the Dust-Free Router Hood.
